► **PROJECT TYPE**

► **Residential**

► **SALWA 615**

► **A residence conceived as an external architectural promenade.**

Located minutes away from Kuwait City downtown, the project consists of G + 2 residential apartments, with 1 underground car parking floor.

The dialogue between the living spaces without compromising privacy and separation, a main aspect of the Arab lifestyle.

This building functions as a pivotal point and its strategic position means that the eye at once perceives it in its entirety
